

The Inches/Kinnaird Village Bus Service Provision—Questionnaire

Falkirk Council

Falkirk Council's Transport Planning Unit has received a number of requests to review the route of Service 59 between Letham and Falkirk. Some passengers have expressed concern about the journey time and reliability of the current route, which operates via The Inches/Kinnaird and Forth Valley Royal Hospital. All subsidised bus services are due to be retendered in 2016 and as part of this process, Falkirk Council will be considering a number of options for the future of Service 59—the questions below will help us to provide the most appropriate service for residents of The Inches and Kinnaird Village if Service 59 is diverted to operate via a more direct route.
